To determine the monthly child support payments, multiply the non-custodial parent's net monthly income at the point where it intersects the custodial parent's net monthly income by the percentage shown on the chart.

* It is the policy of this state that every parent contribute to the support of his or her children in accordance with the means available. In this range the appropriate figure is \$50.00 per month for one or two children. \$75.00 per month for three or more children.

** In this range the appropriate figure is deemed to be within the sound discretion of the court or agency fixing support by administrative order. The amount of support payable by a non-custodial parent with a monthly net income of \$6,001 or more shall be no less than the dollar amount as provided for in the guidelines for a non-custodial parent with a monthly income of \$6,000.
